### **Additional equipment**

In collaboration with our booth builder we offer a wide range of additional equipment for your exhibition booth. For that purpose, we will forward your contact details to our booth builder after receiving your registration form. Further details with regard to the setup of your exhibition booth will be managed by the booth builder directly after allocation of all booths. Please notice that registration for the exhibition only includes basic equipment mentioned above. Additional equipment will be charged separately.

### **Reservation of your exhibition booth**

For booking your exhibition booth please use the enclosed registration form. This form is also available on our website [www.avt.rwth-aachen.de/AMK](http://www.avt.rwth-aachen.de/AMK) (menu item *Industrial Exhibition*). Please send the filled form by post to the address given at the bottom of the form or via e-mail to [amk@avt.rwth-aachen.de](mailto:amk@avt.rwth-aachen.de).

### **Advertising Aachener Membran Kolloquium**

Besides the presentation of your company and your products within the industrial exhibition accompanying the 19<sup>th</sup> Aachener Membran Kolloquium we offer you various attractive opportunities to advertise.

The conference on industrial applications of membrane technology

## General terms of the technical exhibition

### Terms of registration

The registration is effected by a registration form, which has to be filled out, signed in due form and sent to the organizer of the event.

### Rent of exhibition space

The exhibitor receives a confirmation after acceptance of his registration. The exact allocation of the booth will be done by the organizer at a later point of time. The assigned booth may be adapted to the local construction regulations in width and depth. For assigning exhibiting rights to a third party, a written authorisation issued by the organizer is necessary.

### Stand layout

The organizer has arranged the conditions of booth layout and design in co-operation with a booth builder. The exhibitor is required to follow these conditions and has to bear all costs of additional fittings and equipment, which have to be coordinated with the booth builder. It is not permitted to glue, nail or drill into the exhibition material (displays, furniture, etc.) provided by the organizer. In case of damaging exhibition materials, the exhibitor will be held responsible.

### Cancellation of the contract

Registered companies, which have received a written confirmation, cannot cancel the contract free of charge. The exhibitor owes the organizer 35 % of the total booth rent, independent from any proof of loss.

### Security control of the exhibition place

The organizer is only responsible for entrance and exit security control during the opening hours of the exhibition. There is no booth security control done by the organizer. The organizer is not held liable for theft or personal and material damage.

### Liability exclusion or insurance

The organizer is not held liable for any damage, loss etc. of the exhibitor's own or rented goods or persons, caused by the exhibitor or his helpers during the exhibition, building up the booth, dismantling of the booth or during transportations to or from the exhibition grounds - not even if these damages or losses are caused without the exhibitor's or his helper's fault. Therefore, we strongly recommend exhibitors to take out their own insurance of exhibition materials against usual dangers such as fire, theft, weather damages, transportation damages and damages in general.

### Terms of payment

The exhibitor is obligated to pay the total amount of the rent within 14 days after date of invoice. The organizer is authorized to cancel the contract and to rent the exhibition space to another company, if the total amount has not or only partly been paid within the expiring date.
